## Fees, Costs, Conflicts and Standard of Conduct

### **What fees will I pay?**

- For advisory services we charge an ongoing annual fee that is based on the value of your assets. These fees are charged monthly. Annually, we charge 1.15% on the first \$500,000; plus 1.00% on the next \$500,000; plus 0.85% on the next \$4,000,000; plus 0.50% on the next \$5,000,000; plus 0.35% on any assets over \$10,000,000. Although, we may have clients on a different fee schedule based on a familial relationship, grandfathered fee, or otherwise negotiated arrangement.
- In addition to our advisory fees, you are also responsible for all fees charged by the custodian (firm that holds your assets), as well as fees charged by the actual investments (internal expenses in mutual funds and exchange-traded funds, etc.) and any third-party money managers selected for your accounts.
- You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce the money you will make over time. Please make sure you understand what fees and costs you are paying. If helpful, ask us to explain the fees and costs to manage \$1,000,000 for you. For more information on our fees, please refer to our ADV Part 2A and scroll to Item 5.

### **How might your conflicts of interest affect me, and how will you address them?**

The nature of our fee creates a conflict of interest to obtain as many of your assets as possible to generate more fee revenue.

### **What are your legal obligations to me when acting as my investment advisor**

**When we act as your investment advisor**, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you.

For more information on conflicts, please refer to our ADV Part 2A.

### **Do you or your financial professionals have legal or disciplinary history?**

Our financial professionals do not have any material legal or disciplinary events to disclose.

### **How do your financial professionals make money?**

Our financial professionals make money from advisory fees and through tax preparation services, which are not included in our investment advisory services. Any conflicts of interest are disclosed here or in the other referenced documents.
